S.No	Project ID	Title of Project	Supervisor	Submitted By		Accepted / Rejected	OLD: Remarks
				Roll No	Name		
1	ITE-01	Online Medical Prescription System {OLD: Student managemnt System to facilitate students}	Mr. Imran anwar ujjan	2K16/ITE/36	Farman Ali	Received / Accepted	Previously Made, Nothing new in the proposal . Add more features providing detailed objectives - better to submit a fresh idea
			0	2K16/ITE/113	Sarang Ali		
2	ITE-02	Online webportal for Hajj and Umrah	Dr. Kamran Taj	2K16/ITE/111	Sajjad ali Lurko	Accepted/ Received Same Project .. Ensure Suggestions	Very unclear Project Description and Objectives. What ar the mean features and objectives of your project? What activities will the user perform on your website? Do you know the process of Apying for Umrah? As it needs visa which can only be obtained through agent as direct applicaitons are not accepted by KSA embassy. Then for Hajj also you need to apply through Government for which there is only single form that you fill and submit? Will you system do the hotel booking? who will handle passports for Visa and one you reach KSA ? Not Suitable project. Requested to resubmit with fresh new idea with unique features
			Mr. Imran anwar ujjan	2K16/ITE/30	Asif ali Memon		
3	ITE-03	Farming Assistant web Application (in Sindhi Language)	Mrs. Nazish Basir	2K16/ITE/18	Amir Ali Sanghar	Received / Accepted	Idea Seems Intresting, But do our local farmers use PR/Laptop or internet for such purpose? I think better to also develop a compatible Android App which might prove to be more usefull. Need to add more features with user interaction. Simple information based website with few Contact forms is not sufficient.
			0	2K16/ITE/31	Bakhsh Ali Chachar		
4	ITE-04	Towards Prototyping Smart Door System based on Facial Recognition	Dr. Sander Ali	2K16/ITE/86	Muhammad Waseem	Update {Not Received}	What Algorithms & Techniques you will use for face recognition. - Now a days Face recognition Algorithm and API is already available, then what will be your contribution? Justify. Is there a real need of this application? What camera you will use, will it be a CCTV live camera or single shot manually enabled camera? What data sets you will use to train the faces? How will you train the new datasets? will it include a secondary fail safe mechanism like password incase face is not detected?
			Dr. M. Ali Nizamani	2K16/ITE/41	Gulzar Ali		
5	ITE-05	Andriod Application for Dyslexia	Mr. Kamran Dahri	2K16/ITE/42	Hafizullah Sarki	Received / Accepted	Dyslexia Testing Mechanism is very difficult and it is not easy to iidentify if a person has Dyslexia or Not. How then will your system perform such tests? What type pf Tests, Exercises you will include in the System? What will be other features as the proposal is not clear and has no objectives? add more features, define your tests and exercises clearly, on what reules and patterns you will include these tests. Must visit and check these websites ( <a href="https://www.american-dyslexia-association.com">https://www.american-dyslexia-association.com</a> , <a href="http://www.dyslexia.me">www.dyslexia.me</a> , <a href="https://dyslexiaida.org">https://dyslexiaida.org</a> , <a href="https://dyslexiaida.org">https://dyslexiaida.org</a> )
			Dr. Zeeshan Bhatti	2K16/ITE/45	Haris Jabbar		
6	ITE-06	Online Boys Hostel Management System	Mrs. Nazish Basir	2K16/ITE/37	Feroz Ali Solangi	Received / Accepted	Same project was already developed last year as also mentioned in the proposal. The new features are not enough for full project. A hostel system is already used by sindh univ hostel, how is this system different from that. Better to develop an Android app for hostel management and integrate it with exiting system used by the hostel with more features and uniqe options for user as well as administrator. need to update thier idea with more options involving administrator reports, defaults, maintance reports and status, etc.
			Mr. M. Hussain	2K16/ITE/87	Muhammad Yaseen		
7	ITE-07	BidCArt (Online Shoping) {OLD: Event Management System}	Dr. Arifa Bhutto	2K16/ITE/105	Rana Imamdin	Received / Accepted	Similar projects have already been developed previously. This seems a very simple static website with information only of event Halls, catering services and restaurants? There is no event managemnt concept, or objectivs given in the proposal? This seems simple information display website and static websites are not allowed. not enough features or user or admin interactions. not a suitable idea. Resubmit with a fresh new idea .
			Mr. Imran anwar ujjan	2K16/ITE/94	Najaf Soomro		
8	ITE-08	Web Blocking Software {OLD: Window activities monitor Application}	Mr. Imran anwar ujjan	2K16/ITE/38	Ghulam Farooque Ujjan	Received / Accepted	This seems like a hacking Application, how will you manage Windows Security? Windows firewall will automatically block any such software automatically. How will it be used then, ? Justiy how will you bypass firewall? How will you develop a keylogger system, auto screen capture and other monitoring? this will not be very usefull and a security threat. Resubmit with better new idea and unique features.
			0	2K16/ITE/	0		
9	ITE-09	IICT Final Year Project Submission and Result Managemnt System	Mr, Kamran Dahri	2K16/ITE/69	Muhammad Arif	Received / Accepted	Same project previously already made, how is your project different from them? What new features will be included as compared to previous same projects? Need to include more features that are related to IICT FYP process. The documentation and reports are to be included. How will the FYP proposal form evaluaiton done online by multiple teachers for same projects, the examiner committes, supervisors, evaluators need to be given. then the reports and final results, entering of marks etc, all need to be incorporated. Update the suggestions and discuss regularly withthe FYP coordinators for correct implementation.
			Dr. Zeeshan Bhatti	2K16/ITE/67	Muhammad Amin		

10	ITE-10	Online Auction System	Mr. Imran anwar ujjan	2K16/TTE/134	Zafar Ali	Received / Accepted	Same project made many times. The current project is too small and simple for FYP. Need to add more fetures new options. Detter to develop a Android App as wee, give category based product optioin. User records of buying and selling,,Advance search options including area wise search , product based, etc.
			0	2K16/TTE/53	Jawaid Katiyar		
11	ITE-11	Online Lawyers App (OLD: Hyderabad Mart}	Dr. Kamran Taj	2K16/TTE/149	Hammad Saeed	Received / Accepted	Another Online Shopping website? Previouslu dozen of times same project has been made. Too many online apps are already available even for hyderabad. And the source code is also available free online. There is nothing new in this project. Better to submit a new Fresh Idea.
			0	2K16/TTE/	0		
12	ITE-12	Sindhi Poetry Portal	Dr. Kamran Taj	2K16/TTE/82	Muhammad Sharif	Received / Accepted	idea is good but not described properly. Not given details about the project/ Clearly define what will be included in the website? What type of content, poems, people, books will be given? Add more features and user interactions like list of Sindhi Poet, writer, Their Entire Published work. Do ensure to check regarding copyright and authorization to publish content online. Must be real full website and live online
			Mr. Imran anwar ujjan	2K16/TTE/138	Zain ul Abdin		
13	ITE-13	Online Examination System	Mr. Imran anwar ujjan	2K16/TTE/48	Hizbullah Alias Waqar	Accepted/ Received Same Project .. Ensure Suggestions	Online Exam website is again a very old and previously developed many times. The proposal doesnot include any new or unique feature. How will you test the efficiency and accuracy of the system? How different is your system as compared to previous same projects? this seems a very small and ordinary project. kindly resubmit with fresh new Idea or add new features
			Dr. Kamran Taj	2K16/TTE/127	Susheel Duseja		
14	ITE-14	Food Zone	Dr. Kamran Taj	2K16/TTE/144	Raza Haider	Received / Accepted	IS it online shopping type only or like Daraz where anyone can participate and open online business? How will you system handle the database? Exactly same project made last year? Objective and features of the project not given properly. Add more features like tracking, product quality checks, feedback, ratings, etc. This project must be Android based as well. Must not be a dummy project. Has to be Live Online. Talkto few food vendors for partnership for actual working of project.
			Mr. Kamran Dahri	2K16/TTE/03	Abdul Ahad		
15	ITE-15	Daily Routine Reminder & Health Advisor	Mr. Kamran Dahri	2K16/TTE/10	Adil Ali Shah	Received / Accepted	Proposal is not written properly. There is no discussion or features on Health Advisor in the proposal? Why in Title then? What tools and Techniques will you use to set reminder. Already 100's of apps are available that do much more advance functions then How can you justiy your project? Need to add more features and new ideas. clearly specify the objectives and functions of your system
			Dr. Kamran Taj	2K16/TTE/07	Abdul Samad		
16	ITE-16	Student Inn Web Portal {OLD: Pro-Empire}	Dr. Arifa Bhutto	2K16/TTE/72	M. Bakhsh Lashari	Received / Accepted	Project Title is Incorrect and Doessn't make any sense. Title and Project description do not match. - Similar project already done and again two same projects submitted. Not enough Features for Final year project submission System - How will project Evaluation be done online? Who will Assign Supervisors and EValuation comments? How & Where marks of Viva, Thesis and Project evaluaiton will be entered and by whome? Resubmit with more better new features and new idea.
			Dr. Kamran Taj	2K16/TTE/47	Hassan Dahri		
17	ITE-17	Easy Renting & Sharing System (ERSS) {OLD: Easy Ride Zone}	Mr. Kamran Dahri	2K16/TTE/74	Muhammad Faizan	Received / Accepted	Since there is already careem and Uber, then what is the purpose of ypour project? How it is different from other? How will you manage the security and harrsment threats in such servises as also faced by careem and uber customers? Why only website? Such projects must be android and IOS based. Need to update with more features and must be real project not dummy. make it live
			0	2K16/TTE/22	Aqib Mari		
18	ITE-18	Pick & Drop School Service	Dr. Arifa Bhutto	2K16/TTE/95	Naqash Haider	Received / Accepted	Idea is good, must implement in real, need to discuss with some school transport vans to implement this - similar to careem , need to add more features as currently only tracking the vehicle which is not enough.
			Mr. Rahat Ali	2K16/TTE/76	Muhammad Mujahid		
19	ITE-19	Openion Mart {OLD: General Store Billing Store }	Mr. Imran anwar ujjan	2K16/TTE/136	Zahid Hussain	Received / Accepted	Every shopping store has such kind of application, what is new in your software - such systems are easily available online free - specify the features which are not included in such applications - what are new uniqe features in your project - resubmit with new features and fresh idea.
			Dr. Kamran Taj	2K16/TTE/122	Shahzaib		
20	ITE-20	Book Borrowing & Exchange System {OLD: Online General Store}	Mr. Imran Anwar Ujjan	2K16/TTE/11	Ahmed Jamal	Received / Accepted	Add some additional features - Introduction, Background, problem statement are not well addressed. Sstudent didn't show any intreset by putting required questions empty & unexplained. Proposal idea should be modified as these projects are already developed hundred times and easily available online to free donload. Resubmit with New idea.
			0	2K16/TTE/25	Arshad Ali		
21	ITE-21	Online Bus Reservation System	Mr. Imran anwar ujjan	2K16/TTE/119	Shahnawaz	Submit New {Not Received} FAIL	At least write proposal on computer, handwritten FYP proposal is not readable. Previously already made and many systems already exist like Deawoo. On which Bus you will apply this, have you disscued with any transport providers? -not many features and too simple small project. Make sure its real live project not dummy. - It must include Travelling History- and develop a android app compatibility.
			Mr. Rahat Ali	2K16/TTE/08	Abdul Waheed Panhwar		
22	ITE-22	Sprots Web App {OLD: Eco Friendly Calculator Andriod App}	Mr. Rahat Ali	2K16/TTE/109	Sadam Hussain Hattar	Received / Accepted	title is completely Wrong and incorrect? What is Eco-Friendly? The project description is incorrect , the project Novality is missing - exisitng system should be addressed & compared effectively - every product already has Bar code and every store in the world uses Bar code to read , how will you apply QR code on every single product as its assigned by the manufacturer? such similar work is already developed by easyPaixa account,. Therefore resubmt with NEW Fresh Proposal
			Dr. Kamran Taj	2K16/TTE/92	Mushafique Hussain Arjo		

23	ITE-23	Student Financial Aid Office Scholarship process University of Sindh	Dr. Arifa Bhutto	2K16/TTE/50	Irfan Ali Kalhoro	Resubmit {Not Received} FAIL	the proposed idea is not well suited, because already social media, FB provides the faculty with information.
