BS (Information Technology) (MORNING) FINAL YEAR PROJECTS
Project Proposal Final Evaluation 2019

S.No	Project ID	Title of Project	Supervisor	Submitted By		Accepted / Rejected	OLD Remarks
				Roll No	Name		
1	ITM-01	Freelancing website for tutors	Mr Kamran Dahri	2K16/IT/94	Syed Ali Hyder	Resubmit {Not Received}	Similar project already done. Too simple and small project for FYP. Not enough features and options in the system. Add more features, increase the scope with more options and functions . Must have real data, dummy data not allowed and uploaded online.
			0	2K16/IT/36	Huzaiifa Mustafa		
2	ITM-02	Mobile Lab	Mr. Imran Anwar	2K16/IT/70	Noman Ali	Received / Accepted	Too simple project, Not feasible for FYP. Not enough features and options to be a final year project. Methodology is not clear and not strong. Add more features, increase the scope with more options and functions . Must have real data, dummy data not allowed and uploaded online. Please introduce new innovative features which can distinguish your project from already submitted.
			0	2K16/IT/106	Kashan Mughal		
3	ITM-03	Project Management System	Mr. Kamran Dahri	2K16/IT/24	Dildar	Update {Not Received}	How the project is different from MS project? Project management System have already been developed in past, how this is a new project? Title is too general. Why JQuery & MySQL both are used? Kindly consult with your supervisor and discuss in details.
			0	2K16/IT/104	Akash Kumar		
4	ITM-04	PAK Tourist Guide	Mr. Kamran Dahri	2K16/IT/68	Nasir Ali Kalmati	Resubmit New {Not Received} FAIL	Previously developed and many commonly resources online are easily available. Too simple and small project with not many features to be a FYP project. Realtime navigations and maps is already provided by Google Maps and simple using the Goole Maps is not a FYP project. Add more features, options, objectives in the project. resubmit with changes. compare it with Agoda, Booking.com and AirBnB,
			0	2K16/IT/98	Syed Zeeshan Hyder		
5	ITM-05	Online Tour Guide	Mr.Kamran Dahri	2K16/IT/51	Misha Sanjrani	Resubmit New {Not Received} FAIL	Online Tour guide seems it is just providing the static information, and there is no other use of it? The same information is already available on through multiple websites, how will your project be different and beneficial? How it will be Adaptive? How your project is compared to AirBnB, Agoda, and other similar websites? What are the new features in comparison to the existing projects? Similar projects has been submitted in IT morning . Resubmit, fill some meaningful and supportive justifications . As previously also done, need more feature, options
			0	2K16/IT/56	Mudasir Hussain		
6	ITM-06	Speech Recognition for Sindhi Language	Dr. Dil Nawaz Hakro	2K16/IT/63	Muhammad Saim Hashmi	Received / Accepted	Previously, the project has been made, how it is a new project? Methodology is too general. Its asimple speech recogniton piplene!! Distinguish as how your system differs from the existing works in terms of features, decoding methods, models and word retrieval methods? you do not need to write jet brains as its just an IDE for python. Highly complex project, as Sindhi voice Recognition s very Difficult due to large set of phonetics and pronounciations complexities.
			0	2K16/IT/17	Anjali Mandhan		
7	ITM-07	Augmented Reality based e-Shopping	Dr. Zeeshan Bhatti	2K16/IT/77	Saad Shahid	Received / Accepted	More details are rquired which are missing from methodology. Please mention the scope of the objects for the 3D model. Which 3D models will be used? Will you use any existing platform or infrastructure? You said realtime, is it soft realtime or hard realtime? how will you asses and evaluate its realtime applicability? 3D models will be general or personalized? without using any existing platform or infrastructure it seems too complex. Discuss with your supervisor.
			Mr. Kamran Dahri	2K16/IT/	0		
8	ITM-08	Web Portal for Department of Sports UoS {OLD: Dynamic Website for sports}	Dr. Arifa Bhutto	2K16/IT/91	Sufia M. Rafique	Received / Accepted	Very simple and small project, already developed previously. Think of a better new idea. How the project will be categorized as Dynamic? Currently will only display Gym timings and upcoming events , which are only two web pages, how can this be a FYP project? Resubmit with more features and options or New idea. Must not be Dummy project, and available online.
			Mr. Kamran Dahri	2K16/IT/88	Shazia Solangi		
9	ITM-09	Online Blood Bank Management	Mr. Kamran Dahri	2K16/IT/89	Sidra Wagan	Resubmit New {Not Received} FAIL	Very simple and small project. Previously such projects already developed. Not many features with quality contribution as FYP. Add more features, options, and objectives. Change such small project ideas with more latest technology. Must not be dummy project and should contain real world data and availble online.
			0	2K16/IT/29	Hadia Siddiqui		

10	ITM-10	Hand Gesture Recognition based on Pakistan Sign Language with Static image dataset	Dr. Sandar Ali Khowaja	2K16/IT/11	Abdul Hassan Laghari	Received / Accepted	Mention few names of Machine learning algorithms used in the Project Description. Will you develop a Android app or web application.? As the objective suggests that it only does the analysis and then Purpose the machine learning algorithms.
			Mr. Kamran Dahri	2K16/IT/09	Abid Hussain Lashari		
11	ITM-11	Ride Sharing App for Univesity Students {OLD:CTCH Univ Bus on Time}	Dr. Arifa Bhutto	2K16/IT/43	Mahnoor Bhatti	Received / Accepted	How can this be FYP project focusing only on Sindh University Traport system . Already similar projects made in past two years. Very Simple and Small project. Not many features and options to make it a complete project, Only displaying time of point with google maps of locations is not enough as a project. Add more features, options and users. increase its scope. Displaying bus routes only is already a commonly known , what will you contribute as project? Data must be real and project available online or on playstore. need to rethink the idea and objectives.
			Dr. Kamran Taj	2K16/IT/103	Urooj Fatima Memon		
12	ITM-12	Disease Dictionary with Voice {OLD:Symptomatic App}	Mr. Kamran Dahri	2K16/IT/23	Badaruddin	Received / Accepted	Title is very unclear . Previously multiple versions of such medical smart doctor applications have been developed. How it is different from them.Chage the Idea. Too small and simple for FYP. Add more features, options,and objects in the project. Medical self diagnosis is very difficult and dangerous, how will your system implement self diagnosis? Will you use A.I and Machine Learning? What algorithms and techniques will be implemented for self diagnosis.? Resubmit after change
			0	2K16/IT/28	Ghulam Qadir		
13	ITM-13	E-Labour {OLD:Believe in Yourself (3D Animated Movie)}	Dr. Zeeshan Bhatti	2K16/IT/75	Rida Shah	Received / Accepted	Please clearly mention the scope of the project. What will be the story, models, project objectives. Must use their own own models. Animation has to be realistic with accurate rendering and high quality.
			0	2K16/IT/82	Shahnoor Tunio		
14	ITM-14	Transparent Glass Solar Panel Based Green House	Mr. Raza Hussain Shah	2K16/IT/42	Khadija Kharal	Received / Accepted	Project Description is very unclear. What Exactly will you do in this project? What are the main targets and objectives? Are you designing a Greenhouse System? Which is not related to IT based FYP . Are you developing a App to control solar panel and its effects? This doesnt seem to be IT related project. I think Transparent solar panels are not available easily and difficult to get, confirm this also. Installation of solar panel is just not enough for final year project , If you are making an application to control the solar panel then be specific and comeup with the application details.
			Mr. Rahat Ali Khan	2K16/IT/	0		
15	ITM-15	Importance of Saving Water & Plants (3D animated Movie)	Dr. Zeeshan Bhatti	2K16/IT/14	Ali Hyder Memon	Received / Accepted	Please mention the scope of the project with clear steps and objectives. Many such projects have been made on animation during last few years, how is your project different, what new tools techniques you will use. Write down the objects which will be animated and modelling steps. Results must be realistic and of High quality. Animation has to be professional.
			Mr. Muhammad Hussain	2K16/IT/05	Abdul Mutalib		
16	ITM-16	Website of Event Management and Market of Organizers (Event-Mart)	Dr. Zeeshan Bhatti	2K16/IT/97	Syed Shaheryar Shah	Resubmit {Not Received} FAIL	Too simple and Small project, Add more features and options . Must have real data of event locations. Specify key locations and banquet halls that will work with you in this project.Project must be available online in realtime. Must contact and use Real Vendors.
			0	2K16/IT/35	Husban Qureshi		
17	ITM-17	One to many Social media posting System	Dr. Muhammad Ali	2K16/IT/85	Shahzeb Memon	Received / Accepted	The objectives and aim of the project are not aligned with the problem defined. Please write clearly the scope and uniqueness of your project. Please resubmit the project proposal after discussion with your supervisor. Yahoo is search engine, and Gmail is an Email client. How will you use these as Social Media or for social media integration? Very unclear project. How will you drive the traffic to your website? what content strategy will be used? OBJECTIVES are totally copyasted from internet and do not tie with project title and design.
			Mr. Kamran Dahri	2K16/IT/01	Aadil Hussain Channa		
18	ITM-18	Online Pharmacy System	Dr. Kamran Taj	2K16/IT/79	Sajjad Hussain Rind	Received / Accepted	Project Description of Unclear, Is it like Online shopping application, in such case many e-shopping apps have already been developed and are available online, so submit new idea. If this is a Pharmacy Inventory Management system, then be specific and clear about your project aims and objects with relative methodology. Give more details of Store inventory system and requiremets of such store. REsubmit after update
			Mr. Kamran Dahri	2K16/IT/08	Abid Sanjrani		
19	ITM-19	Secure e-Learning using Data Mining Technique	Mr. S. Raza Shah	2K16/IT/95	Syed Hasnain Raza	Received / Accepted	In the proposed application, user or student login to application and access different materials posted by the different faculty members. Mention the data mining technique you are using , also comeup with some more features and options. Resubmit after updating the proposal
			Mr. Rahat Ali Khan	2K16/IT/02	Abbas Ali Bugti		
20	ITM-20	Andoid SMS Application with end-to-end encryyption	Mr. S. Raza Shah	2K16/IT/60	M. Ayyaz Bhatti	Received / Accepted	What encryption Algorithm and technique will be used? Too Simple Project and with very little innovative work,. Add more features, increase the scope with more options and functions . What prototype will you use for SMS? Unclear project description. How will you update or provide better veriosn then Blackberry Messaging app?
			Mr. Rahat Ali Khan	2K16/IT/54	Moiz Uddin Abro		

21	ITM-21	Augmented Reality baed kids learning	Dr. Zeeshan Bhatti	2K16/IT/74	Reshmail Naeem	Received / Accepted	The idea is good but lacks clarity. The project aim and objectives should be clearly written, also improvement required in the scope & introduction section. As this is an augmented reality based project, please include the "Device" to be used for visualization in tool section. Also elaborate on the targeted student age group / level in the scope. Re-submit the project with relevant changes incorporated.
			0	2K16/IT/102	Unsa Laghari		
22	ITM-22	Virtual Reality baed learning for Special Needs Children	D. Zeeshan Bhatti	2K16/IT/48	Maryam Arshad	Received / Accepted	Please correct the introduction section, specifically avoid using abbreviation ASD, VR without first mentioning their full term (Virtual Reality). Also please write clearly the problem to be solved.
			Supervisor	2K16/IT/50	Midhat Shaikh		
23	ITM-23	Home Automation & security System	Mr. Kamran Dahri	2K16/IT/83	Shahzaib Memon	Update {Not Received}	Please write clearly the project Objectives, i.e Objectives of the App for example to tcontrol light remotely, to allow secure admission to house using facial recognition/ biometric etc. Also discuss how this project is different from past projects or have automation and security. Improve language "following staff" is not correct. - Web based + Hardware based both will be difficult - limit your scope.
			0	2K16/IT/87	Sharjeel Alvi		
24	ITM-24	Online Database Management System for Oracle Server	Mr. Kamran Dahri	2K16/IT/80	Santosh Kumar	Update {Not Received}	There are many tasks that can be done for managing the database, clearly specify those tasks. Other tools are also available like TOAD etc, which are professional, How it si different from them? Limit your scope.
			0	2K16/IT/10	Abid Jabbar		
25	ITM-25	Postgraduate Management System	Dr. Muhammad Ali	2K16/IT/18	Arsal Faraz	Received / Accepted	Please write clearly the objection of the project, do not mention the advantages of project, for example: "Less Errors". -Also improve the similar project section, gives their brief description, just mentioning links doesn't tell us anything about these projects. Project must be real with actual data incordination with postgraduate office, It has to be online live project,
			0	2K16/IT/13	Ahsan Ibrahim		
26	ITM-26	Tool Tax Management & Security System {OLD: Remote Access Database via secure Website}	Mr. Kamran Dahri	2K16/IT/71	Partab Singh	Received / Accepted	Project Title not correct, Project scope & idea not clear, whether it is a system for toll tax paying remotely or vehicle security management? How are QR code generated? Objectives are not clear, No design Methodology given. Is it a Desktop or Web Application . The title is "Remote Access Databse.." where as the objectives talking about reducing Criminal activities on roads ?? helping Highway Police to check vehicles? Payment method for Tol Tax> What is exactly are you trying to do inthis project? it seems a comple copy paste without any connection.
			0	2K16/IT/76	Rizwanullah Channa		
27	ITM-27	Developing web portal of Tourism of Pakistan	Mr. Kamran Dahri	2K16/IT/99	S. Mahoor Fatima	Received / Accepted	Please extend the scope of project from simple information going to add other features, for example trip advisory/[lanning or booking of hotels. Add more features, options, and Objetives. As cuurently its too small and simple project for FYP. Already three exactly same projects have been submit in IT morning need to verify and differentiate your work. Write objectives of the project: for example "To create an interactive website", "to create database at backends.". = There are several such web portals available. Why this project is required.
			0	2K16/IT/100	S. Mahrugh Fatima		
28	ITM-28	IICT Books and Things (BnT)	Mr. Kamran Dahri	2K16/IT/86	Shamayem Khan	Update {Not Received}	It's a good idea but the scope needs to be wide. Add more features and options as currently too simple and small project for FYP. Change the title to include used items; for example Chairs, table, TV. To include other people (Not only students) for example: Employees, Teachers, etc. Title suggestions: "Free Cycle", "MySell items", "etc. = Please correct the objectives accordingly, - In the similar projects please refer the free cycle.org
			Mr. Faheem Abbasi	2K16/IT/96	Syeda Nimrah Adil		
29	ITM-29	Collaborative Tutoring {OLD: Effective Tutoring}	Dr. Kamran Taj	2K16/IT/07	Abdul Waqar	Received / Accepted	Title is mismatch with the project description - Update it . Project description needs to be clear, whether it is online tutoring or student will go to another student to learn , in that case it si platform to just register, which is not a FYP project. add more features and options with widened scope. please write objective of the project clearly, i.e. to create website, to create database at backend, Different module etc should be given.
			Mr. Muhammad Hussain	2K16/IT/73	Rahul Baboo		
30	ITM-30	The Screaming Wrapper {OLD: We Blame Society but we're Society (3D Animated Movie)}	Dr. Arifa Bhutto	2K16/IT/59	M. Awais Bhatti	Received / Accepted	Please correct the title, its Semantically incorect. Increase the length and scope of the Animation. Just One example is not enough. Write clear objectives of your project, how you are incorporating the native language & which native language will be used? Write clearly similar projects section, you have just mentioned their names. please re-submit with modifications.
			0	2K16/IT/34	Hira Nasir		

31	ITM-31	Municipal Management System {OLD: Tiles Management System (TMS)}	Mr. Muhammad Hussain	2K16/IT/05	Inayatullah	Received / Accepted	The project title is "Tiles Managemnt System" however, it is unclear the relationship with the title and descriptor. Features and project objectives are not clearly mentioned that what is the purpose and exact function of this project. Rewrite the proposal with clear features and description, and design methodology.
			Mr. Rahat Ali Khan	2K16/IT/39	Iqbal Lakho		
32	ITM-32	Android Based Diabetes Assistant Application for Patients	S. Raza Hussain Shah	2K16/IT/52	Mohsin Ali	Received / Accepted	This FYP is very simple and small project. It is mentioned there are several similar apps available, How this app will provide Uniqueness and different from other apps. Add more features and more option with increased scope. How are you going to measure? are you using a Sensor? Please describe the scheduling Algorithm that will trigger events for patients medicine reminder.
			Mr. Rahat Ali Khan	2K16/IT/67	Najeeb ur Rehman		
33	ITM-33	Management of Land Record through Blockchain Technology	Dr. Lachman Das Mr. Kamran Dahri	2K16/IT/58 2K16/IT/0	Muhammad Aquib	Accepted	
34	ITM-34	Remote Car Control System (SECURO)	Mr. Kamran Dahri 0	2K16/IT/72 2K16/IT/107	Qasir Sher Mirani hahzeb Azam Korai	Update {Not Received}	Write clearly & correctly the problem to be solved. Re-write objectives, with specific modules to be created, for example how secure pattern will be added. Scope needs to be defined clearly.
35	ITM-35	School Management System	Mrs. Nazish Basir 0	2K16/IT/04 2K16/IT/64	Abdul Majeed Muhammad Saqib	Resubmit New {Not Received} FAIL	There are several such systems developed already and are being used in market. How this System is different for others? Whether any school is willing to use it? Better to resubmit with new idea and concept.
36	ITM-36	IICT Alumni Portal {OLD: Financial Management System for Univerity of Sindh}	Mr. Kamran Dahri 0	2K16/IT/66 2K16/IT/90	Nabeel Ahmed Sohail Ahmed	Received / Accepted	Project must be based on Real data and Dummy data should not be used. Project has to be live and working online. Refine objectives more with clear targets.
37	ITM-37	Management of Curriculum Activities	Dr. Arifa Bhutto 0	2K16/IT/30 2K16/IT/40	Hafeezullah Ishfaqe Ahmed	Received / Accepted	Please write objectives of the project clearly - create a web based system to create database, add more features as currently very small and simple project, add more options or change to better idea. Mention the activities at institute level well. Update title to better clarity
38	ITM-38	Easy Tutor	Mr. Muhammad Hussain Mr. Kamran Dahri	2K16/IT/06 2K16/IT/37	Abdul Waheed Mahar Ihtisham Anwar Solangi	Received Same Project/ Ensure Suggestions	How this project is Different from existing system, eg. Coursera, Udemy, Moodle, etc., Many other projects have already been made and available with same concept and more advanced features. Kindly resubmit with more features and options, with new concept idea and objectives.
39	ITM-39	Online Shopping Based on Rating	Muhammad Hussain Pirzada Rahat Ali Khan	2K16/IT/61 2K16/IT/19	Muhammad Faheem Arsalan Bashir	Resubmit New {Not Received} FAIL	This project is not clear, what they want to do? Either create own shopping portal OR a mediatory platform (like Daraz). How they will verify the quality feature by rating? How is rating determined? The methodology is not given and diagram drawn by Hand. this project has been developed previously many times and need to change and resubmit. Add more features, options with new technology.
