BS (Information Technology) (EVENING) FINAL YEAR PROJECTS

Project Proposal Final Evaluation 2019

S.No	Project ID	Title of Project	Supervisor	Submitted By		Accepted / Rejected	Remarks
				Roll No	Name		
1	ITE-01	Student managemnt System to facilitate students	Mr. Imran anwar ujjan	2K16/ITE/36	Farman Ali	Resubmit New	Previously Made, Nothing new in the proposal . Add more features providing detailed objectives - better to submit a fresh idea
			0	2K16/ITE/113	Sarang Ali		
2	ITE-02	Online webportal for Hajj and Umrah	Dr. Kamran Taj	2K16/ITE/111	Sajjad ali Lurko	Submit NEW	Very unclear Project Description and Objectives. What ar the mean features and objectives of your project? What activities will the user perform on your website? Do you know the process of Appying for Umrah? As it needs visa which can only be obtained through agent as direct applicaitons are not accepted by KSA embassy. Then for Hajj also you need to apply through Government for which there is only single form that you fill and submit? Will you system do the hotel booking? who will handle passports for Visa and one you reach KSA ? Not Suitable project. Requested to resubmit with fresh new idea with unique features
			Mr. Imran anwar ujjan	2K16/ITE/30	Asif ali Memon		
3	ITE-03	Farming Assistant web Application (in Sindhi Language)	Mrs. Nazish Basir	2K16/ITE/18	Amir Ali Sanghar	Update	Idea Seems Intresting, But do our local farmers use PR/Laptop or internet for such purpose? I think better to also develop a compatible Android App which might prove to be more usefull. Need to add more features with user interaction. Simple information based website with few Contact forms is not sufficient.
			0	2K16/ITE/31	Bakhsh Ali Chachar		
4	ITE-04	Towards Prototyping Smart Door System based on Facial Recognition	Dr. Sander Ali	2K16/ITE/86	Muhammad Waseem	Update	What Algorithms & Techniques you will use for face recognition. - Now a days Face recognition Algorithm and API is already available, then what will be your contribution? Justify. Is there a real need of this application? What camera you will use, will it be a CCTV live camera or single shot manually enabled camera? What data sets you will use to train the faces? How will you train the new datasets? will it include a secondary fail safe mechanism like password incase face is not detected?
			Dr. M. Ali Nizamani	2K16/ITE/41	Gulzar Ali		
5	ITE-05	Andriod Application for Dyslexia	Mr. Kamran Dahri	2K16/ITE/42	Hafizullah Sarki	Update	Dyslexia Testing Mechanism is very difficult and it is not easy to iidentify if a person has Dyslexia or Not. How then will your system perform such tests? What type pf Tests, Exercises you will include in the System? What will be other features as the proposal is not clear and has no objectives? add more features, define your tests and exercises clearly. on what reules and patterns you will include these tests. Must visit and check these websites (https://www.american-dyslexia-association.com , www.dyslexia.me , https://dyslexiaida.org , https://dyslexiaida.org)
			Dr. Zeeshan Bhatti	2K16/ITE/45	Haris Jabbar		
6	ITE-06	Online Boys Hostel Management System	Mrs. Nazish Basir	2K16/ITE/37	Feroz Ali Solangi	Resubmit	Same project was already developed last year as also mentioned in the proposal. The new features are not enough for full project. A hostel system is already used by sindh univ hostel, how is this system different from that. Better to develop an Android app for hostel management and integrate it with exiting system used by the hostel with more features and unike options for user as well as administrator. need to update thier idea with more options involving administrator reports, defaults, maintance reports and status, etc.
			Mr. M. Hussain	2K16/ITE/87	Muhammad Yaseen		
7	ITE-07	Event Management System	Dr. Arifa Bhutto	2K16/ITE/105	Rana Imamdin	Submit New	Similar projects have already been developed previously. This seems a very simple static website with information only of event Halls, catering services and restaurants? There is no event managemnt concept, or objectivs given in the proposal? This seems simple information display website and static websites are not allowed. not enough features or user or admin interactions. not a suitable idea. Resubmit with a fresh new idea .
			Mr. Imran anwar ujjan	2K16/ITE/94	Najaf Soomro		
8	ITE-08	Window activities monitor Application	Mr. Imran anwar ujjan	2K16/ITE/38	Ghulam Farooque Ujjan	Resubmit	This seems like a hacking Application, how will you manage Windows Security? Windows firewall will automatically block any such software automatically. How will it be used then, ? Justiy how will you bypass firewall? How will you develop a keylogger system, auto screen capture and other monitoring? this will not be very usefull and a security threat. Resubmit with better new idea and unique features.
			0	2K16/ITE/	0		
9	ITE-09	IICT Final Year Project Submission and Result Managemnt System	Mr. Kamran Dahri	2K16/ITE/69	Muhammad Arif	Resubmit	Same project previously already made, how is your project different from them? What new features will be included as compared to previous same projects? Need to include more features that are related to IICT FYP process. The documentation and reports are to be included. How will the FYP proposal form evaluation done online by multiple teachers for same projects, the examiner committes, supervisors, evaluators need to be given. then the reports and final results, entering of marks etc, all need to be incorporated. Update the suggestions and discuss regularly withthe FYP coordinators for correct implementation.
			Dr. Zeeshan Bhatti	2K16/ITE/67	Muhammad Amin		
10	ITE-10	Online Auction System	Mr. Imran anwar ujjan	2K16/ITE/134	Zafar Ali	Resubmit	Same project made many times. The current project is too small and simple for FYP. Need to add more fetures new options. Detter to develop a Android App as wee, give category based product optioin. User records of buying and selling,,Advance search options including area wise search , product based, etc.
			0	2K16/ITE/53	Jawaid Katiyar		

11	ITE-11	Hyderabad Mart	Dr. Kamran Taj	2K16/ITE/14	Hammad Saeed	Submit New	Another Online Shopping website? Previously dozen of times same project has been made. Too many online apps are already available even for Hyderabad. And the source code is also available free online. There is nothing new in this project. Better to submit a new Fresh Idea.
			0	2K16/ITE/	0		
12	ITE-12	Sindhi Poetry Portal	Dr. Kamran Taj	2K16/ITE/82	Muhammad Sharif	Update	Idea is good but not described properly. Not given details about the project/ Clearly define what will be included in the website? What type of content, poems, people, books will be given? Add more features and user interactions like list of Sindhi Poet, writer, Their Entire Published work. Do ensure to check regarding copyright and authorization to publish content online. Must be real full website and live online.
			Mr. Imran anwar ujjan	2K16/ITE/138	Zain ul Abdin		
13	ITE-13	Online Examination System	Mr. Imran anwar ujjan	2K16/ITE/48	Hizbullah Alias Waqar	Submit New	Online Exam website is again a very old and previously developed many times. The proposal does not include any new or unique feature. How will you test the efficiency and accuracy of the system? How different is your system as compared to previous same projects? this seems a very small and ordinary project. kindly resubmit with fresh new Idea or add new features
			Dr. Kamran Taj	2K16/ITE/127	Susheel Duseja		
14	ITE-14	Food Zone	Dr. Kamran Taj	2K16/ITE/144	Raza Haider	Resubmit	IS it online shopping type only or like Daraz where anyone can participate and open online business? How will you system handle the database? Exactly same project made last year? Objective and features of the project not given properly. Add more features like tracking, product quality checks, feedback, ratings, etc. This project must be Android based as well. Must not be a dummy project. Has to be Live Online. Talk to few food vendors for partnership for actual working of project.
			Mr. Kamran Dahri	2K16/ITE/03	Abdul Ahad		
15	ITE-15	Daily Routine Reminder & Health Advisor	Mr. Kamran Dahri	2K16/ITE/10	Adil Ali Shah	Resubmit	Proposal is not written properly. There is no discussion or features on Health Advisor in the proposal? Why in Title then? What tools and Techniques will you use to set reminder. Already 100's of apps are available that do much more advance functions then How can you justify your project? Need to add more features and new ideas. clearly specify the objectives and functions of your system
			Dr. Kamran Taj	2K16/ITE/07	Abdul Samad		
16	ITE-16	Pro-Empire	Dr. Arifa Bhutto	2K16/ITE/72	M. Bakhsh Lashari	Resubmit	Project Title is Incorrect and Doesn't make any sense. Title and Project description do not match. - Similar project already done and again two same projects submitted. Not enough Features for Final year project submission System - How will project Evaluation be done online? Who will Assign Supervisors and Evaluation comments? How & Where marks of Viva, Thesis and Project evaluation will be entered and by whom? Resubmit with more better new features and new idea.
			Dr. Kamran Taj	2K16/ITE/47	Hassan Dahri		
17	ITE-17	Easy Ride Zone	Mr. Kamran Dahri	2K16/ITE/74	Muhammad Faizan	Resubmit	Since there is already Careem and Uber, then what is the purpose of your project? How it is different from other? How will you manage the security and harassment threats in such services as also faced by Careem and Uber customers? Why only website? Such projects must be Android and IOS based. Need to update with more features and must be real project not dummy. make it live
			0	2K16/ITE/22	Aqib Mari		
18	ITE-18	Pick & Drop School Service	Dr. Arifa Bhutto	2K16/ITE/95	Naqash Haider	Update	Idea is good, must implement in real, need to discuss with some school transport vans to implement this - similar to Careem, need to add more features as currently only tracking the vehicle which is not enough.
			Mr. Rahat Ali	2K16/ITE/76	Muhammad Mujahid		
19	ITE-19	General Store Billing Store	Mr. Imran anwar ujjan	2K16/ITE/136	Zahid Hussain	Resubmit New	Every shopping store has such kind of application, what is new in your software - such systems are easily available online free - specify the features which are not included in such applications - what are new unique features in your project - resubmit with new features and fresh idea.
			Dr. Kamran Taj	2K16/ITE/122	Shahzaib		
20	ITE-20	Online General Store	Mr. Imran Anwar Ujjan	2K16/ITE/11	Ahmed Jamal	Submit New	Add some additional features - Introduction, Background, problem statement are not well addressed. Student didn't show any interest by putting required questions empty & unexplained. Proposal idea should be modified as these projects are already developed hundred times and easily available online to free download. Resubmit with New idea.
			0	2K16/ITE/25	Arshad Ali		
21	ITE-21	Online Bus Reservation System	Mr. Imran anwar ujjan	2K16/ITE/119	Shahnawaz	Submit New	At least write proposal on computer, handwritten FYP proposal is not readable. Previously already made and many systems already exist like Deawoo. On which Bus you will apply this, have you discussed with any transport providers? -not many features and too simple small project. Make sure its real live project not dummy. - It must include Travelling History- and develop a android app compatibility.
			Mr. Rahat Ali	2K16/ITE/08	Abdul Waheed Panhwar		
22	ITE-22	Eco Friendly Calculator Android App	Mr. Rahat Ali	2K16/ITE/109	Sadam Hussain Hattar	Submit New	title is completely Wrong and incorrect? What is Eco-Friendly? The project description is incorrect, the project Novelty is missing - existing system should be addressed & compared effectively - every product already has Bar code and every store in the world uses Bar code to read, how will you apply QR code on every single product as its assigned by the manufacturer? such similar work is already developed by easyPaiza account. Therefore resubmit with New Fresh Proposal
			Dr. Kamran Taj	2K16/ITE/92	Mushafique Hussain Arijio		
23	ITE-23	Student Financial Aid Office Scholarship process University of Sindh	Dr. Arifa Bhutto	2K16/ITE/50	Irfan Ali Kalhoro	Resubmit	the proposed idea is not well suited, because already social media, FB provides the faculty with information. Students better may propose algorithms/ machine learning approach by identifying the requirements of scholarship from his search browser
			Dr. Kamran Taj	2K16/ITE/19	Amjad Ali Bhutto		

24	ITE-24	GYM Management Sytem	Dr. Arifa Bhutto	2K16/ITE/28	Asadullah Khan	Resubmit	The proposed project didn't show any Novelty, It is already used in all different organizations. Too small and simple project which is similar to Record managemnt System availabale online easily. Add more unique new features,
			Mr. Imran Ujjan	2K16/ITE/121	Shezad Qamar		
25	ITE-25	Smart Communication between vehicles with 5G	Dr. Dilnawaz Hakro	2K16/ITE/58	Kainat Mumtaz	Resubmit	Is 5G technology available in Pakistan, Since this technology is still not avaiable how will you use it in this project? Vehicle to vehicle communication can be done using 3G or 4G also better to use that. IS it only simulation based? How will you demonstrate it practically?
			0	2K16/ITE/59	Kainat Laghari		
26	ITE-26	Prize Bond Portal	Dr. Kamran Taj	2K16/ITE/63	M. Yasir Noor	Resubmit	what would be the source of brize bond dealing ? The exisiting system such as Hamariweb also providing the same facility, the proposed project should provide novelty otherwise it is very small and simpley buying and selling website with very limited features. need to add more new unique features with more user interaction.
			Mr. M. Hussain	2K16/ITE/148	Syed Shahazaib Ahmed		
27	ITE-27	Event Management System (Same Project already Submitted)	Mr. Kamran Dahri	2K16/ITE/66	Ali Raza Khan	Submit NEW	Same project already submitted, there are many EMS system already developed and free available online providing such features - What extra features your application has. -Resubmit with update , add more uniqe features make it a real project not dummy for a specific organization or events
			0	2K16/ITE/52	Jahanzeb Ali		
28	ITE-28	Automation of Purchasing Store Office	Dr. Kamran Taj	2K16/ITE/131	Waheed Ahmed	Resubmit	University is using a manual tenders acquisition, how will you automate it? Specify the hierarchy of purchase acquisition to purchase order - specify the features in details - resubmit the proposal after adding more new unique feates increaing working scope of project.
			Mr. Kamran Dahri	2K16/ITE/65	Muhammad Akram		
29	ITE-29	Share Journey	Mr. Kamran Dahri	2K16/ITE/84	Umair Shafique	Update	There are various applications already providing such type of services. - compare your applicationwith other and specify how your project is different, add new features, come up with some more useful features which can be added in the application- resubmit after updating.
			0	2K16/ITE/146	Taha Shaikh		
30	ITE-30	MazdoorBulao.com	Mr. Kamran Dahri	2K16/ITE/75	Mohammad Hamza	Resubmit	Give more details of the system and add more unique feature sin the project. Too simple and small project for FYP. Website must be dynamic. Resubmit with more features and objectives.
			0	2K16/ITE/123	Shalom Naqash		
31	ITE-31	Online Ride Sharing System	Mr. Kamran Dahri	2K16/ITE/124	Sikandar Ali	Resubmit	There are already such type of Applications providing some services. - add more features in the application. - Why web based as such sustyms must be on mobile app, so develop a mobile app of it. Resubmit the proposal after adding more features which can be unique and new
			Mr. M. Hussain	2K16/ITE/79	Muhammad Saleh		
32	ITE-32	Quality Enhancement Cell University of Sindh Jamshoro	Dr. Shahzad Memon	2K16/ITE/132	Waris Raza Arain	Resubmit	Specify more features, which are included in the website providing security access of the materials. - What dynamic features you will add in the website? - Resubmit it with adding the accurate features.
			Dr. Kamran Taj	2K16/ITE/125	Siraj Ahmed Bijarani		
33	ITE-33	Security Chatting App	Dr. Kamran Taj	2K16/ITE/15	Akash Kumar	Resubmit	Generally, different chatting application use encryption to send the data security. - You are giving the user a task to decrypt the data itself - come up with features which make data more secure than other applications -Resubmit with updated features
			Mr. Imran anwar ujjan	2K16/ITE/114	Sarmad Hassan		
34	ITE-34	Job Portal	Mr. Rahat Ali	2K16/ITE/139	Zeeshan Khan	Resubmit	There are already many jobportals available, provide some new advance feature as specified in the proposal. - How your project will be different than other job portals?? - Resubmit the project with unique idea andfeatures
			Mr. Imran Ujjan	2K16/ITE/23	Areeb Hassan		
35	ITE-35	Leave Management System	Dr. Kamran Taj	2K16/ITE/40	Ghulam Shabir	Resubmit	The project specifying the simple features of online leave application. - There are same type of appliaitons already exist. Add some more additional features in the project. Must not be a dummy project need to dicusses with an organizations. Resubmit by updating the project with new features
			Mr. Rahat Ali	2K16/ITE/43	Hafsa Farooq		
36	ITE-36	Advertisement with Augmented Reality	Dr. Zeeshan Bhatti	2K16/ITE/80	Muhammad Saqib Khilji	Resubmit	Project seems intresting, but features not clearly defined. What type of adds will be included. What products will be given? The project system diagrap is completely wrong and doesnot relate to the tile and description at all. No Supervisor Signature on the proposal? atleast should have discussed with supervisor . provide more clear features and objectives
			Mr. Muhammad Hussain	2K16/ITE/57	Junaid Khan		
37	ITE-37	Learning Managemnet System for Skill and Career Development UoS	Dr. Kamran Taj	2K16/ITE/14	Ahson Iqbal	Submit NEW	There are already many e-learning system providing such features specified in the proposal. Previously developed. Comeup with some dynamic ideas and unique features and options. Resubmit with better fresh idea.
			Mr. Rahat Ali	2K16/ITE/01	Aamir Mangi		

38	ITE-38	Web for Creators	Mr. Kamran Dahri	2K16/ITE/27	Asad Naeem	Resubmit	There are already tools available to create the websites like wix.com, wordpress.com etc. how is your project different , provide more features which can be added in the project, justify why this project as many website allow to create webpages easily with more advance features and options? resubmit with update
			0	2K16/ITE/61	Kashif Malik		
39	ITE-39	Training Tutorial of Digital Logic Design	Dr. Dil Nawaz	2K16/ITE/135	Zahid Ali Baloch	Resubmit	Late Submission, Previously similar project already made, just topic of tutrial is change, too simple and small. Compare the project with already exiting same type of projects/tutorials. - resubmit with more details.
			0	2K16/ITE/51	Jhangeer Bhatti		
40	ITE-40	Graphical Calculator	Dr. Dil Nawaz	2K16/ITE/93	Nabeel Ahmed Babar	Resubmit	Late submission, Similar project already made last year, specify how different is your graphical calculator from other calculators, Make it an android app (previous project was same desktop) specify what type of calculations will be performed , there are many online calculators already calculating and ploting graphs and charts. add more features, make it android app, resubmit with new features
			0	2K16/ITE/81	Muhammad Shareef Bhatti		
41	ITE-41	Student Application Portal	Muhammad Hussain	2K16/ITE/32	Faaiz Ahmed Rajput	Submit NEW	Project not submitted to Coordinator - Late submission. Same project already submitted by students this year, Previously multiple same projects made. Too simple and small , easily available online. Resubmit with new fresh idea with unique featres.
			0	2K16/ITE/68	Muhammad Anas Chohan		
42	ITE-42	Mangwalo (A Food Service)	Muhammad Hussain	2K16/ITE/09	Abdul Wasay	Submit NEW	Proposal not submitted to Coordinator, Late Submission. Previously mulitple same projects already made, already many sucessful same projects are online like foodpanda, etc. the project objectives are unclear, is it Online shopping or food delivery service or Donation website? what exactly students are trying to achive? better to resubmit with new unique features and idea.
			0	2K16/ITE/46	Haris Malik		
43	ITE-43	EMO Player	Dr. Arifa Bhutto	2K16/ITE/100	Rafe Asad	Resubmit	Late Submission. How will you determine facial expression through posed or live images? Android or Dektop application? Which dataset will be used to train the posed or live tracking system? Genetic algorithm is given in diagram but not mentioned in description? you will use GA or SVM? GA is very slow not fit for realtime systems, justify? how many emotions will be classified? with Haar features how the lips and eyes willbe segmented? lists the methods specifically. how will you annotate the songs?
			0	2K16/ITE/06	Abdul Mueed
